SIEMENS

Data sheet 6GT2821-4BC32

product type designation

RF240R reader IO-Link

SIMATIC RF200 reader RF240R IO-Link interface V1.1; IP67, -25 to +70 $^{\circ}\text{C};$ 50x 50x 30 mm; with integrated antenna 32 Byte IO; 230 Kbit/s

suitability for operation	ISO 15693 transponder (MDS Dxxx), for connecting to IO-Link Master V1.1	
radio frequencies		
operating frequency / rated value	13.56 MHz	
range / maximum	65 mm; Range is dependent on transponder type: observe http://support.automation.siemens.com/WW/view/en/67384964	
protocol / with radio transmission	ISO 15693, ISO 18000-3	
transfer rate / with radio transmission / maximum	26.5 kbit/s	
product feature / multitag-capable	No	
electrical data		
transfer rate / at the point-to-point connection / serial / maximum	230 kbit/s	
transmission time / for user data		
 for write access / per byte / typical 	3.3 ms	
• for read access / per byte / typical	2.4 ms	
data volume / of the address range of the inputs / total	32 byte	
data volume / of the address range of the outputs / total	32 byte	
interfaces		
standard for interfaces / for communication	IO-Link V1.1	
type of electrical connection	M12, 4-pin	
mechanical data		
material	PA6.6	
color	anthracite	
tightening torque / of the screw for securing the equipment / maximum	1.5 N·m	
mounting distance / relating to metal surfaces / recommended / minimum	0 mm	
supply voltage, current consumption, power loss		
supply voltage / at DC		
rated value	24 V	
•	20.4 28.8 V	
consumed current / at DC		
• at 24 V / typical	0.05 A	
ambient conditions		
ambient temperature		
 during operation 	-20 +70 °C	
during storage	-25 +80 °C	
during transport	-25 +80 °C	
protection class IP	IP67	
shock resistance	EN 60721-3-7 Class 7 M2	
shock acceleration	500 m/s ²	
vibrational acceleration	200 m/s²	

design, dimensions and weights		
width	50 mm	
height	30 mm	
depth	50 mm	
net weight	0.06 kg	
fastening method	2 x M5 screws	
wire length		
 between master and IO-Link device / maximum 	20 m	
product features, product functions, product components / gene	eral	
display version	3-color LED	
product feature / silicon-free	Yes	
standards, specifications, approvals		
certificate of suitability	Radio according to R&TTE guidelines EN300 330 and EN 301489, FCC, cULus	
certificate of suitability		
• IECEx	No	
MTBF	430 a	
reference code		
 according to IEC 81346-2:2019 	BYB	
standards, specifications, approvals / Environmental Product Do		
Environmental Product Declaration	Yes	
global warming potential [CO2 eq]		
• total	124.25 kg	
during manufacturing	11.24 kg	
during operation	112.71 kg	
after end of life	0.3 kg	
further information / internet links	5.5 Ng

security information	The particular of the second s	
security information	Siemens provides products and solutions with industrial cybersecurity functions	
Approvals / Certificates	that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement – and continuously maintain – a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under https://www.siemens.com/cert. (V4.7)
